## TANKARD NURSERIES

Located on the famed Eastern Shore of Virginia, at Exmore, is one of the finest nurseries to be found anywhere.

Plants are properly cultivated, sprayed, pruned, dug, and shipped so that customers are enthusiastic about Tankard plants and Tankard service.

TANKARD NURSERIES are not the largest in the world but are one of the best. The owners are proud of the appearance of their nurseries and the quality of their product.

AZALEAS IN GARDEN SETTING

## TANKARD LANDSCAPE SERVICE

Beautiful grounds require proper planning before any work is commenced, just as surely as a handsome building needs the plans of a good architect.

Tankard Nurseries provide the services of a Landscape Architect with the best of training and over 20 years' experience in landscape design and planting.

Plans are made for any type of landscape, including residence, school, church, cemetery, park, and recreation grounds.

Actual planting to carry out these plans is also done, thus assuring the best results.

CAMELLIA, PURITY

Flowering Shrubs in variety  
are available at Tankard's.

SPIREA VAN HOUTTEI

## BE PROUD OF YOUR HOME GROUNDS

Take a critical look at the setting of your home and see whether it reflects your ideas of beauty and taste. Few people see the interior, but every passerby sees and judges the exterior of what you prize most—your home. If your landscape is not what you want it to be, Tankard Nurseries can help you make it so.

LIGUSTRUM LUCIDUM

Tankard's have many other  
Broad-leaved Evergreens  
for your selection.

A WELL-PLANNED FOUNDATION PLANTING IS A NECESSITY, NOT A LUXURY, FOR A BEAUTIFUL HOME
